

R&K COMPANY LIMITED

RF & MICROWAVE SMALL SIGNAL & POWER PRODUCTS CATALOGUE

PRICE LIST FOR 2018~2019

Warranty information for R&K catalogue products

R&K warrants (if applicable) all the products in catalogue for a period of two (2) years.

The warranty is subject to the following conditions:

- 1) The warranty is limited to defects in materials and workmanship during the warranty period. Defects that occur within this warranty period, under normal use which in accordance with instructions in manual enclosed in the product package and instructions on labels, will be repaired or replaced at our discretion with no charge for parts and labor. (R&K warranty does not cover any damages caused by the unconformity between the products and applications purchaser intends to use)
- 2) The warranty does not extend to any of consequential damages caused by product defects. (The warranty does not cover any costs such as transit, loss of profits or revenue, labor, on the spot investigation, sundry expenses....etc arising from consequential damages. R&K will not be liable for anything resulting indirect or consequential loss or damages)
- 3) The warranty is applicable only in Japan. Purchaser who intends to export products to overseas will be accountable for submitting End Use Statement and all extended export related responsibilities. R&K is not responsible for any tariffs or duties that may be incurred in exporting products. Exporting products may be covered by export controls issued by Japanese government or other governments.
- 4) The warranty will not apply if damage, malfunction or failure resulting from alterations, misuse, improper operations, acts of nature, fire or any inevitable accidents. Purchaser is liable for the cost of repair when the product is used beyond specification range.
- 5) The following conditions are excluded from R&K warranty coverage.
 - a) Serious wear and tear of parts and components in a product which will not retain its original functions after repair. The cost of replacing serious worn consumable parts and components.
 - b) Damage to a product that has been modified and altered, such as circuit changed or repaired, without the permission of R&K. Or a product has been used beyond specification range.
 - c) Damages or malfunctions caused by natural disasters such as fire, salinity, gas injury, earthquakes, lightning and hurricanes, or exposure to radiation.
 - d) The measuring instruments are unavailable and repaired products are unable to be calibrated.

REMARKS:

- 1) Only a part of components in hardware are from overseas sourcing, all the products in the catalogue are manufactured (assembled, adjusted and inspected) domestically in Japan.
- 2) Prices in the list are for quantity of one unit each and applicable only in Japan. Please contact us for pricing when the quantity is more than one unit.
- 3) Prices in the list are not tax included. **Postage will be added when the total amount purchased does not exceed JPY 20,000.-**
- 4) Due to the characteristics of RF microwave, some of the products are restricted from exporting. Please contact us for more details.
